1. Convenience Charge: When no power is available on site for equipment; close parking is unavailable due to snow, lack of parking, or excessive vehicles; obstructions such as trash, furniture, or other equipment; other workers or contractors such as painters, maintenance, plumbers, etc.
2. Sub-Temperature Charge: During times when temperatures drop below 32 °F, extra work is required once a job is completed to clear cleaning and feed lines. For any project with two or more jobs in one day, this charge is waived.

## About Spokane Carpet Care

With over 10 years experience working for my father's carpet cleaning business, I moved North to begin a new venture on my own as Spokane Carpet Care. Growing up in the world of carpet care has come with many advantages so with his background and guidance I have been able to build and acquire the highest quality carpet cleaning equipment the industry has to offer.

With superior dry times, cleaner carpets, and plenty of experience, Spokane Carpet Care will provide the best cleaning money can buy. Along with the highest quality care this business is solely owned and operated by myself, Ryan Gorman. Expect nothing but the best with service flexibility and quick responses. As a direct reflection of who I am, the work I do will go above and beyond to ensure professionalism and customer satisfaction.
